What is go.Feis?

The go.Feis logo is located in the top right corner. It consists of the word "go" in a bright green color and ".Feis" in white, both set against a dark blue circular background.

Put simply :

Go Feis is online portal like no other with thousands of features that assists with online registration for Feiseanna worldwide.

Ability to:

Create online events

Complete tabulation for live and online events

Publish content and results for users

How much would it cost an organiser to use go.Feis?

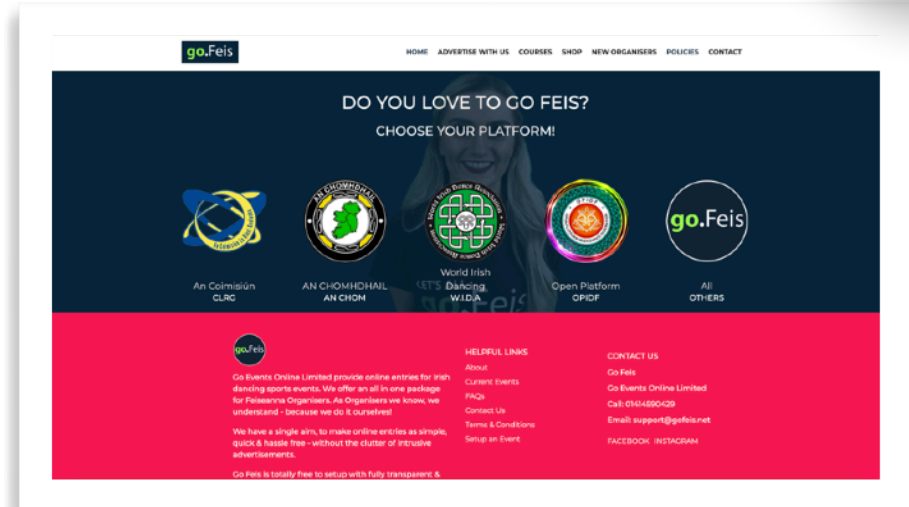

Nothing. The service is free to use.

How do we manage the upkeep and development of go.Feis?

go.Feis will charge each dancer an 'unlocking fee' of £5 when they enter each event – similar to a booking fee that would be incurred when using other sites such as Ticketmaster or Just-eat.

go.Feis is completely customisable and nothing is ever '**set in stone**'. We realise that your organisation has different ideas and needs to other organisations and these can be implemented in our system.

The system can be tailored for you.

Benefits for An Organisation

go.Feis is the next generation portal for online entries for feiseanna around the world. It gives organisers **complete control** over their events.

But go.Feis can be used in other ways:

Go.Feis could be used by An Organisation to control all of it's affairs.

Ability to add a sponsorship page and raise funds

Ways in which other dancing organisations use go.Feis:

Chosen to register all teachers and members on go.Feis and this has opened up many possibilities for the organisation.

Yearly registration/membership fees can be invoiced and taken through the site.

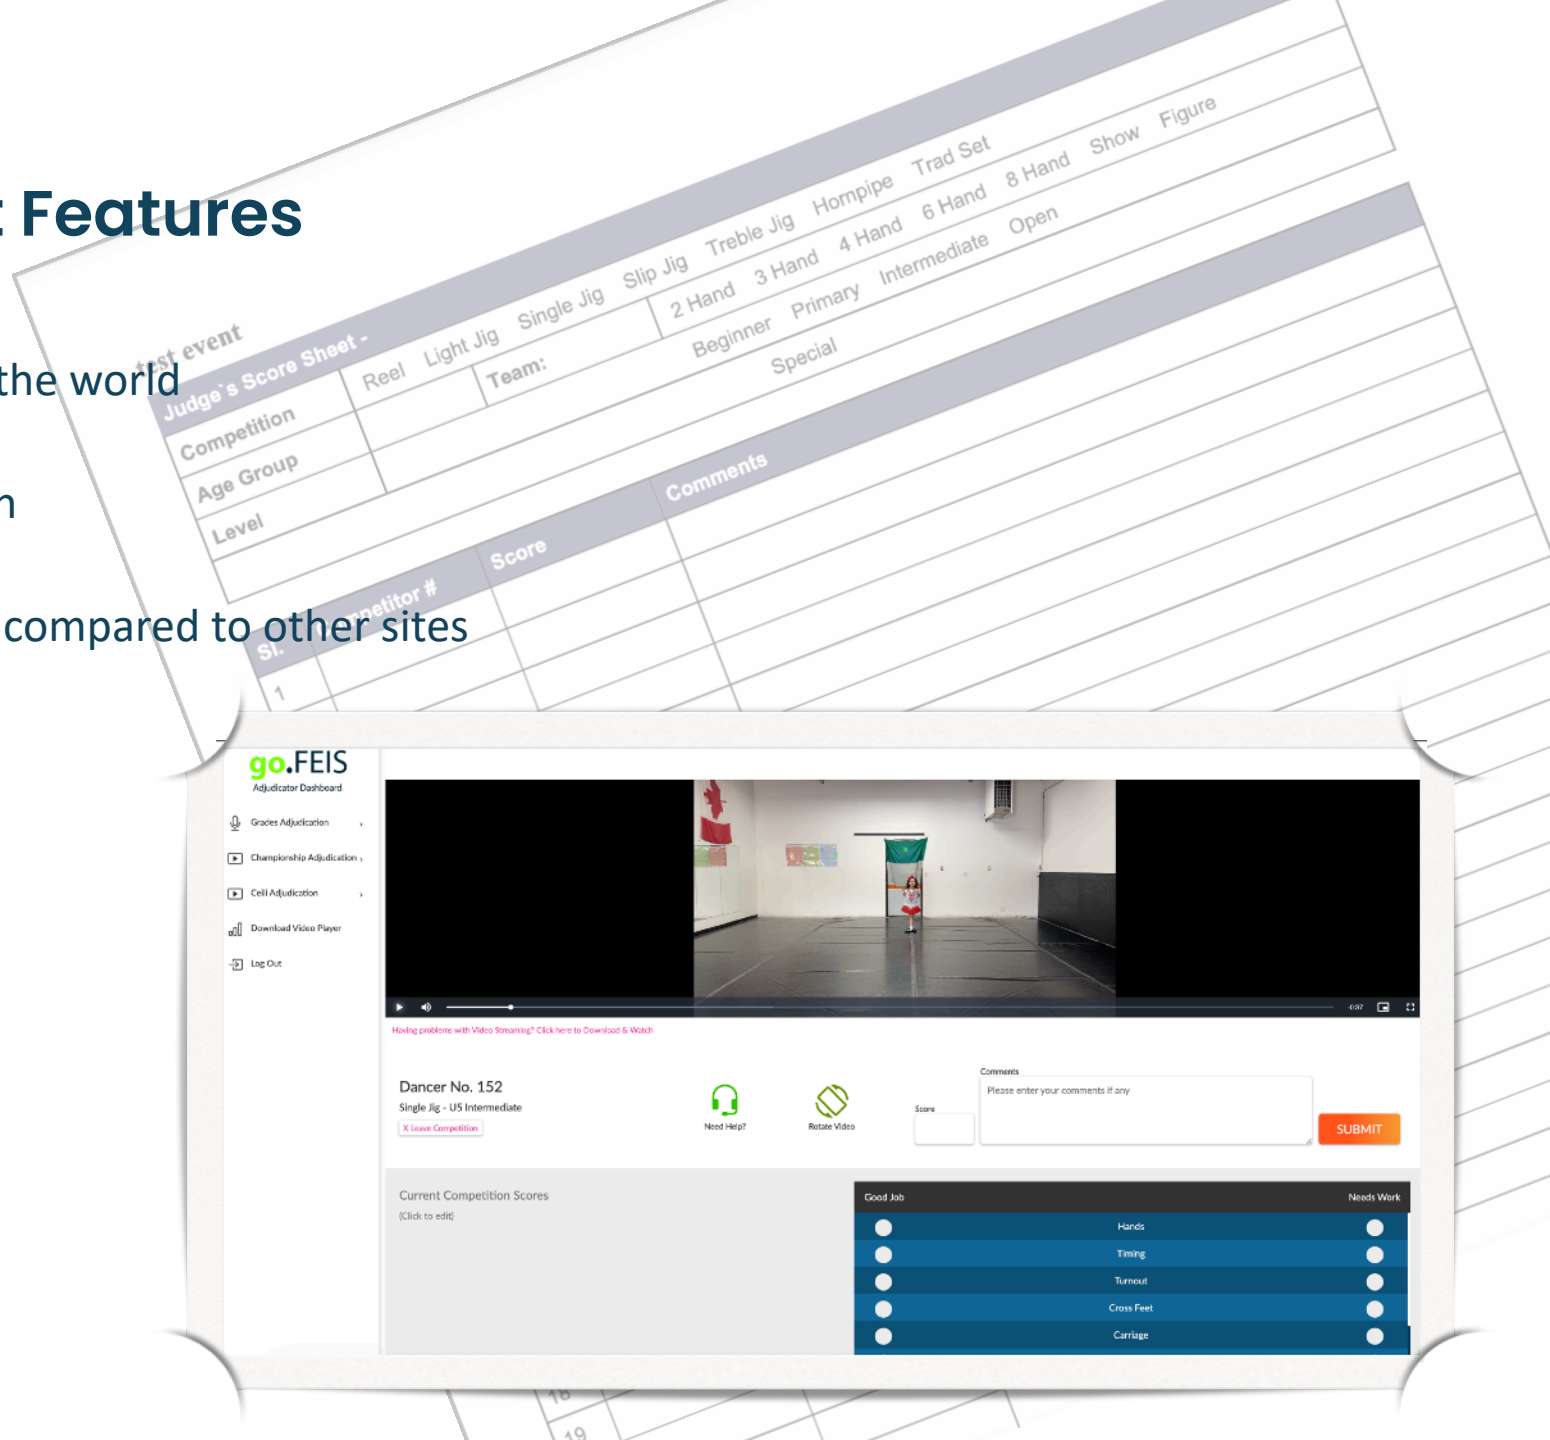

Same for exam and grade fees.

Organisation has better control of all feiseanna being held around the world.

Organisation can more easily communicate with its members via the site's built in messaging system
